

2016-2017 Wildwater Committee Election

A new wildwater committee needs to be elected for 2016-2017, and we need your votes!

Because the committee is now operating under new bylaws, the election process has changed. The current committee has approved a slate of candidates for the new committee (below) and a number of positions on the committee for the next two year term. Starting this year, you vote for people instead of positions. Once a group of people is elected to the committee, they will choose who serves in each committee position. See the current bylaws for specifics. Each candidate needs at least one vote to be elected to the committee.

Anyone who is a current member of USACK can vote. The votes will be tabulated by the USACK/ACA office and the results reported on www.usawildwater.com and the USA Wildwater facebook page.

To vote, email Chris Stec at chris@usack.org. Use the subject line "2016 Wildwater Election." Write the name of each candidate you wish to vote for on the slate below in the body of the email message.

Cast your vote between January 6th and January 20th. The results will be announced by January 24th.

For the 2016-2017 committee, there will be 8 positions open.

The slate of candidates is:

Tom Wier

Doug Ritchie

Jennie Goldberg

Marin Millar

Will Coggan

Jeff Owen

Denny Adams

Michael Beavers
